Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Wednesday 31 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain slowly clearing south. Turning brighter from the north.

Today:
Rather cold and cloudy with outbreaks of rain gradually dying out, although some heavy bursts at first. Brighter skies soon developing over Caithness and north Sutherland, extending south later in the day. Windy across the Western Isles for a time. Maximum temperature 9 deg C (48 deg F).

Tonight:
Patchy rain through Speyside and Lochaber soon dying out with the cloud becoming well broken at times. A frost could become widespread if skies remain clear. Minimum temperature -2 deg C (28 deg F).

Thursday:
A dry and bright day with sunny spells, the best of the sunshine expected over Skye, Wester Ross and Lochaber. Cloudier at times around northern coasts. Light winds. Maximum temperature 12 deg C (54 deg F).

Outlook for Friday to Sunday:
Mainly dry and bright on Friday and Saturday. Feeling quite warm in any sunshine, but a risk of frost at night. Colder with rain clearing to wintry showers on Sunday.
